3515
Complete cap kit for valves with thermostatic option with presetting.

Kit inclusive of:

- 10 complete cap units;
- 10 adhesive discs with markings for the 6 adjustment positions;
- 1 cap adjusting spanner.

- Complete cap unit kit for valves with thermostatic option with presetting
- Kit groupe capuchon complet pour vannes thermostatiques avec pré-réglage
- Узел колпачка в полной комплектации для терморегулирующих клапанов с предварительным регулированием
- Kit grupul capac complet pentru robineti termostaticizabili cu prereglare
- Kit grupo tija completo para válvulas controladas termostáticamente con pre-regulación
- Bausatz Haubeneinheit komplett für thermostabilisierbare Ventile mit Voreinstellung
